Artificial Intelligence

That the progress of robotics and artificial intelligence may always serve humankind.

A Message from Father Rick

Talent was one of the measures of currency in ancient Rome and Greece. One talent of either gold or silver could weigh as a person, from 40 to 50 kilograms. One talent could be equivalent to twenty years of wages. After all, one talent was a huge amount to treasure. Hiding or burying one talent was not an easy task and yet that was what one servant did when he got his one talent from the master. This parable should remind us of God's tremendous gifts of love and mercy He lavished on us, aside from the obvious gifts of life and the creation of things around us. All these gifts are not absolutely ours. They are meant to be used for the glory of God and good of our lives. Jesus reminds us to be wise and prudent in dealing with all the talents God has given us.

Beginning this Saturday, November 14, we are no longer allowed to hold our Masses inside the Church. On this Sunday, November 15, we plan to celebrate our Mass at 11:00 AM outside in the Grotto. Let us pray that this situation will not be for long, and I humbly ask for your patience and understanding. There will be a way for us to continue to sustain our faith and nourish our thirsting soul with the Body of Christ. This situation will just be temporary and the health and wellbeing of our people are of utmost importance.

With Sincere Gratitude

A big Thank You to all who participated in the Fall Campaign for 40 Days for Life. Our Tuesday Team was able to cover every hour of our commitment! Your visible presence on the sidewalk, and your faithful prayers, have brought truth and life to so many people. Thank you also, to those who were unable to come out, but are praying and fasting for an end to abortion. God bless you all.

Many Ongoing Projects Require Many Hands

As we continue to care for our aging Parish property, please pray on how you are able to contribute with your God given talents.
